To: Chief, Allocations Branch
Mass Media Bureau

PETITION FOR RULE MAKING

Maurice Salsa (Petitioner), pursuant to 47 C.F.R. 1.401, hereby requests the commission to amend section 73.202 (b) of its rules, the FM Table of Allotments, to allot channel 233A (94.5 Mhz) at Pawhuska, Oklahoma.

DISCUSSION

Pawhuska, Oklahoma is an incorporated community with a population exceeding 3,400 people. The proposed channel 233A would be the first competing commercial FM station to Pawhuska and will provide additional diversity and an outlet for local self-expression to Pawhuska residents and therefore is in the public interest. Pawhuska has its own mayor, James Weigant, its own school system, its own fire department, its own city hall, its own post office and a number of local churches.

Attached hereto is a channel study confirming that Channel 233A can be allocated to Pawhuska, Oklahoma consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

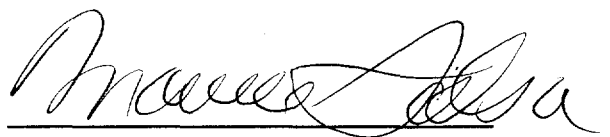

36 46 16 N
96 21 39 W

Petitioner hereby states that if the commission grants this petition, he will apply for the channel when it is allotted, and, if his application is granted, he will promptly build the station.

WHEREFORE, for the foregoing reasons, Petitioner respectfully requests the commission to grant this petition and to allot channel 233A to Pawhuska, Oklahoma.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Maurice Salsa
